Company Overview

Strancof invest mission is to provide innovative investment solutions and objective, independent investment advice and service to investors throughout the world. We combine active ownership, industry experience, and a partnership approach to drive long-term value for our portfolio investors. we pursue outperformance of benchmarks and peers through differentiated, in-house research and a risk-aware approach. We believe that achieving high-quality performance for investors depends on combining sources of excellence. to be a market-er or promoter of Strancof investment group, we offer \$4000 monthly allowance and car gift and normal referral bonus, which will be paid out on reaching the mutual target, hard work and transparency, and we also draft promotion plan on your request after due signings of our contract documents which will be sent to your email on Application.

Our smart approach

Our culture emphasizes trust, flexibility, and ongoing skills development. We build diversity into teams to help them perform better and make stronger decisions
Our size is an advantage, with ample resources allowing for our investment teams to develop key insights as well as small feel that enables each team member to have a meaningful impact.
Our risk management process is based on the goal of excellent performance through the economic cycle. Our investment teams allocate risk budgets to areas of greatest insight, with an emphasis on mitigating downside risk.

Focused on Preservation of Capital

We aim to create a better way to invest. We believe investors shouldn't have to choose between cost efficiency and performance potential, so we developed our unique investors options through oil and gas, agricultural and stock markets for investors designed to deliver both.

Focused on Preservation of Capital

Strancof seeks the long-term growth and preservation of capital.

We pursue a value-oriented investment approach to identify undervalued or misunderstood investment situations, preferably in high-quality businesses, on a global basis

Primary attention is given to finding individual markets that offer significant upside potential and a margin of safety at the time of purchase.
